

# ELITE CONVEYANCING

EXCELLENTIAM IN MINISTERIUM PARTUS

**Position:** Elite Conveyancing Lawyer

**Location:** National (England & Wales)

**Salary:** Employed – depending upon experience  
Self-employed - £60k - £80k OTE

Established in 2015, Elite Conveyancing was formed to provide an exceptional conveyancing service on a national scale. We have achieved this by bringing together a network consisting of only the best conveyancing lawyers throughout England and Wales and developing an extremely close team ethos, through which we are able to challenge mediocrity of our fellow national providers as well as the limitations of individual law firms.

Recognising the ever-increasing shortage of Elite lawyers within the UK, in 2019 we agreed a joint venture with our partner law firm, Wilford Smith, through which we can now directly recruit and reward the very best in the industry.

Due to ever-growing demand for our market-leading, customer-focused service we are once again looking to expand our team with experienced conveyancing lawyers.

Elite lawyers must have:

- Minimum of 3 years conveyancing experience
- Conveyancing qualifications – Law Society, CLC or ILEX
- Proven track record of delivering exceptional customer service

We will consider employed and self-employed roles, both working remotely with full support. This is a unique opportunity to join a fast-paced company, delivering a market leading service and share in its future success.

If you are interesting in applying for the role please email your up to date CV and covering letter to [info@elite-conveyancing.com](mailto:info@elite-conveyancing.com).

**NO AGENCIES PLEASE.**
